

## Biography of Fouad BENTISS

Fouad Bentiss is currently Professor of Physical Chemistry at the Faculty of Sciences, University Chouaib Doukkali, El Jadida, Morocco. He was born in 1973 and was awarded his PhD degree in Materials and Corrosion Science in 1999 at the University of Science and Technology of Lille (France). F. Bentiss joined the LCCA laboratory of UCD in 2004. He was received his HDR degree in Physical Sciences in 2006 from the University of Science and Technology of Lille. His research activities are focused on the electrochemical behavior of metals and alloys, corrosion and inhibition, development of new surface modification processes and fire retardancy of materials. He published over 80 scientific research papers with h-index = 34 and presented about 90 communications in symposia and national/international meetings. In addition, he is a reviewer at several international journals.
