I received my Ph.D. in Materials and Corrosion Science, from Sidi Mohammed Ben Abdellah University, Fez Morocco, 2015. My research interest covers corrosion inhibition by synthesized compounds as well as natural compounds. I have published more than 23 papers in international journals and I presented about 30 communications and some conferences. I am a reviewer at several international journals.

I published also a new book in collaboration of Professor Hammouti B. and Professor Karzazi Y. :

Corrosion Inhibition of steel by quinoxalines, F. El-Hajjaji, B. Hammouti, Y Karzazi, ISBN: 978-3-659-52951-1, Lambert Academic Publishing, (2016) pp. 1-130
