

Youssef RAMLI is Professor of Organic and Medicinal Chemistry at Faculty of Medicine and Pharmacy, Mohammed V University, Rabat (Morocco). He was born in 1976 a, he obtained Doctorate degree in Pharmaco-chemistry in 2011.

He is currently:

- Member of several research and formation unities ;
- Referee of several journals;
- Member of several International Collaborations.

Recent Publications (2011-2016) :

Book chapter

- Youssef Ramli & El Mokhtar Essassi
Advances in Synthetic Approaches, Fonctionnalization and Biological Properties of Quinoxaline Derivatives, Advances in Chemistry Research. Volume 27, 2015

Publications

- A. Moussaif, R. Martin, Y. Ramli, R. Zniber, R. Achour, M. EL Ghouli, M. ALVARO & H. Garcia, chiral bis(oxazoline)copper(ii) covalently anchored to single wall carbon nanotube as recoverable catalyst for enantioselective friedel-crafts hydroxyalkylation, *revue roumaine de chimie*, 2011, 56(6), 675-679
- Y. Ramli, H. Benzeid, R. Bouhfid, Y. K. Rodi, S. Ferfra and E. M. Essassi, Synthesis, REACTIVITY and biological activity of quinoxaline-2-one derivatives, *Scientific Study & Research: Chemistry & Chemical Engineering*, 2010, 11 (1), 67-90
- I. El ouali, B. Hammouti, a. aouniti, y. ramli, m. azougagh, e. m. essassi and m. bouachrine thermodynamic characterisation of steel corrosion in hcl in the presence of 2-phenylthieno (3, 2-b)quinoxaline, *j. mater. envir. sci.* 1 n° 1, 2010, 1-8
- R. slimani, a. anouzla, y. abrouki, y. ramli, s. el antri, r. mamouni, s. lazar and m. el haddad removal of a cationic dye -methylene blue- from aqueous media by the use of animal bone meal as a new low cost adsorbent, *j. mater. environ. sci.* 2 (1), 2011, 77-87
- A. zarrouk, i. el ouali, m. bouachrine, b. hammouti, y. ramli, e. m. essassi, i. warad, aouniti & r. Salghi, theoretical approach to the corrosion inhibition efficiency of some quinoxaline derivatives of steel in acid media using the dft method, *research on chemical intermediates*, 2013, 39 (3), 1125-1133
