

**Rachid Salghi., University of Ibn Zohr,
National School of Applied Sciences
Agadir, Morocco.**

Rachid Salghi is Professor of Chemistry at the National School of Applied Sciences, in Agadir (Morocco).

He was born in 1968 and was graduated in Chemistry at the University of First Mohamed in Oujda, where he obtained the Ph D degree in Chemical Sciences in 1999.

His principal fields of interest and activity are behaviour of pesticides in soil, plant and water (Residues; persistence...) and corrosion inhibition of copper, aluminum and tin-plate in different medium.

His work has been cited **544** times with **h-index of 13 (SCOPUS)** and cited **778** times with **h-index of 15** based on **Google Scholar** citation report for **2013** .

He was honored with the award for the best researcher in Ibn Zohr University of Science and Technology Engineering since the year 2012.

He has published over **150** scientific articles in

international journals and presented about **165** communications in symposia and national/international congresses. He has developed **3** Moroccan patents, he has been the principal investigator in **15** international projects, and **6** national research projects. He has supervised **10** Doctoral Thesis, **20** Master thesis and **24** Second cycle (B.S. equivalent).

Prof. **Rachid Salghi** has been Responsible of the Research Team Environmental Engineering and Biotechnology and Responsible of Master Food Engineering. Member in Mediterranean Group of research on Pesticides (MGRP) and Tropical Fruits Working Group of the International, Crop Grouping Consulting committee. He was also Head of Process Engineering at National School of Applied Sciences Agadir. He was honors and awards by International Scientific Journal for Alternative Energy and Ecology. He has participated as an expert in the evaluation of proposals for the University of Sharjah Emirates. He has been invited to present more than **50** lectures in symposia, courses and other scientific events.

Rachid Salghi is consultant in Quality Management Systems. He was consulting for expertise ten packinghouse exporting fresh fruits and vegetables for HACCP system implantation. He was accompanied three packinghouse exporting fresh citrus for HACCP system in the south Morocco.

He was invited expert professor at the University of Reims Champagne-Ardenne, Faculty of Science, GSMA,(2007/2010). He was referee in many scientific journals. **Prof. Rachid Salghi** organized **11** National and International Conferences.

Prof. **Rachid Salghi** collaborate with Prof. Angel Rios and Dr. M. Zougargh (University Castilla La Mancha, Spain). Prof. A. Chakir and W. Mellouki (GSMA Reims, ICARE/CNRS Orleans). Prof. S. Fattouch and H. Chaabene (INSAT and ENAT Tunisia). Prof. A. Ferhati and O. Benali, University of Algeria.
