

BIOGRAPHY

Prof. Dr. Rachid TOUIR

Work Address : Centre Régional des métiers de l'Education et de la Formation (CRMEF), Avenue Allal Al Fassi, Madinat Al Irfane BP 6210 Rabat, Morocco.

Home Address : Maison N° 1973 Alliance darna, Mehdia, 14 110 Kénitra, Morocco.

Phone : +212 537 328 263 / **Mobile :** +212 670 526 959

Email : touir8@yahoo.fr ; touir8@gmail.com

Prof. **Rachid TOUIR** was born in 1977 in Kenitra City, Morocco. He received his Ph.D. in Physics Chemistry, from Ibn Tofail University, Morocco, 2009. He had published more than **67 papers** in international journals. His work has been cited **694 total citations** by 397 documents with ***h-index* = 16** (since **2006** in **SCOPUS**) and presented about **65 communications** in symposia and national/international meetings. He was honored with the award for the best thesis researcher in Ibn Tofail University since the year 2009. He has developed **2 patents** and he has participated in **4 national research** projects. He has supervised **5 Doctoral** Theses and **25 Master** theses in science and didactics.

He is a reviewer at several national and international journals. He is the author of a **2 books**. His main research interests are in the field of Physical Chemistry, Especially electrochemistry (Corrosion and its inhibition in several media for metals and alloys using various techniques). He is also interested for electroless plating of Ni-P, Ni-Cu-P, Cu-P... and their components in several corrosive medium. He is currently interested in using some quantum chemical methods like density functional theory (DFT) and other semi-empirical methods to study corrosion inhibition efficiencies of organic compounds. He is interested in the Didactics of physics and chemistry.
