Dr. **Yasser KARZAZI** is Full Professor in the Department of Chemistry, Faculty of Sciences, University Mohamed I, Oujda, Morocco and head of Research Team Materials, Environment and theoretical chemistry at the Laboratory of Applied Analytical Chemistry, Materials & Environment. He was born in 1969 in Oujda, Morocco. He received his M. Sc in Chemistry in 1992 from University Mohammed I, Oujda, Morocco and his Ph.D. in Spectrochemistry, Molecules, Solids and Reactivity, from University of Lille I, France, 1996. He had published more than 45 papers in international journals with h-index = 17 and presented more than 80 communications in symposia and international meetings. He is a reviewer in many peer-reviewed international journals published by Elsevier, Springer, Taylor and Francis, etc. He is the author of one book and his areas of research are in Materials Chemistry, Corrosion, Solar cells, Molecular electronics, Electronic transport, Nanotechnology, Force field development, Cheminformatics and Theoretical Chemistry. He has taught, in France and Morocco, both under- and post-graduate students in the subjects of Physical Chemistry, Environmental Science, Organic Chemistry, Inorganic Chemistry and Molecular Modelling.
