In this article, the authors have included the **ONLY** Figure 2A. (*Tenualosa toli*) page 36. We have recently been informed regarding a concern raised by colleagues about the species depicted in Figure 2A. After a careful re-examination of our original files, we have realized that during the final layout and formatting phase of the manuscript, an incorrect image—specifically that of *Anodontostoma chacunda*—was inadvertently uploaded instead of the actual photograph of our *Tenualosa toli* specimen.

We sincerely apologize for this oversight.

The authors confirmed that the Fig 2A (*Tenualosa toli*) now has been correct so please consider our corrected MS and replace the previous figure 2A with the present submitted paper.

Again the authors apologize for the error.

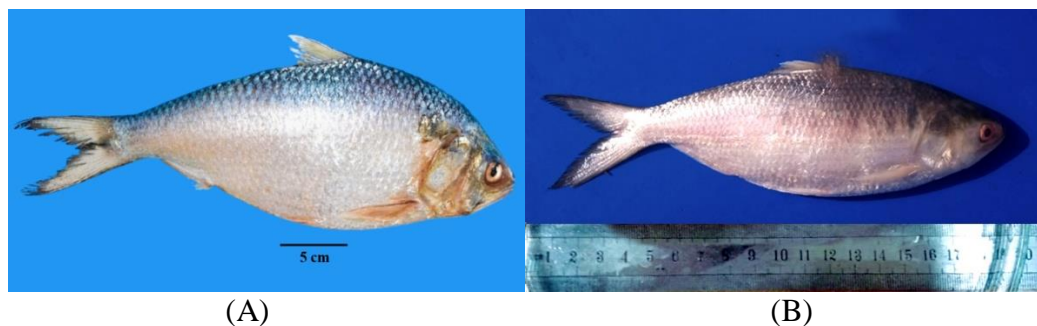

Figure 2. Speciment of *Tenualosa toli* (A) and *Tenualosa ilisha* (B)
